JOSE ARMANDO ARELLANO FERRARA

JUNIOR SOFTWARE DEVELOPER / FULL-STACK DEVELOPMENT

Orlando, FL • (352) 745-9868 • arellano.ferrara1@gmail.com
github.com/J-Ferr • linkedin.com/in/jaaferrara

01 PROFILE

Full-Stack Engineer Certificate holder building web applications with React, Node.js, Express, and PostgreSQL. Experienced in REST APIs, responsive interfaces, database-backed applications, and debugging existing codebases. Brings extensive retail leadership and collaborative problem-solving experience. Seeking junior software engineering and full-stack development roles.

02 TECHNICAL TOOLKIT

LANGUAGES JavaScript · Python · SQL · HTML5 · CSS3

FRONTEND React · Vite · Tailwind CSS

BACKEND & DATA Node.js · Express.js · PostgreSQL · REST APIs · JWT authentication

TOOLS & PRACTICES Git · GitHub · Postman · pgAdmin · Render · CRUD · Responsive design

03 SELECTED PROJECTS

Mood Reflection App | React · Node.js · Express · PostgreSQL

- Built and deployed a full-stack mood journaling application with authentication and PostgreSQL persistence.
- Developed REST endpoints, token-based password reset, and interactive mood history and insights.

Task Manager App | React · Node.js · Express · PostgreSQL

- Created a responsive task manager with tasks, subtasks, priorities, due dates, and dashboard views.
- Connected React interfaces to REST APIs and PostgreSQL-backed data.

E-Commerce Backend API | Node.js · Express · PostgreSQL · JWT

- Developed RESTful endpoints for products and orders, with user authentication and role-based access control.
- Designed relational data persistence for core e-commerce workflows.

04 DEVELOPMENT CONTRIBUTION

Stepwise — Software Development Contributor | 2026

- Investigated YouTube playback issues in an existing web application, focusing on video embedding implementation.
- Worked independently in a dedicated Git branch and prepared code changes for project-owner review and integration.

05 PROFESSIONAL EXPERIENCE

ASICS Outlet — Team Lead / Merchandising Supervisor | Aug 2022 – Present

- Lead store operations, coach associates, and communicate priorities in a high-volume retail environment.
- Solve operational challenges collaboratively and coordinate merchandising, promotions, and training.

O'Neill Clothing — Sales Team Lead | Jan 2022 – Jul 2022

- Supported store operations, coached team members, and resolved customer concerns.
- Maintained merchandising standards and coordinated floor presentation.

J.Crew Factory — Visual Merchandising Supervisor | Oct 2016 – Oct 2021

- Led merchandising rollouts and used stock-to-sales reporting to inform product placement.
- Trained associates and maintained brand presentation across departments.

06 CERTIFICATION

Full-Stack Engineer Certificate — Codecademy

Coursework: JavaScript, Python, React, Node.js, Express.js, PostgreSQL, REST APIs, authentication, Git and GitHub.

07 ADDITIONAL PROJECT

Fantasy Character Creator | Python

- Built a command-line character builder using object-oriented programming and configurable race, class, and elemental attributes.
